Tennessee Valley	EAA Chapter 190	15 June 2008

This Meeting – 21 June 2008

AFTER the Fly-In about 1030, At Moontown. Man its just going to be beautiful – again! Plane count is going up – we need help for an hour or two! For chapter members we need your presence to discuss and approve hangar plans. Be there!

President’s Notes:

Scout Day 2008

What happens to a Scout Day seemingly thrown together at the last minute by a group with a can-do attitude? Well it was a raving success of course! Though we had a small group of Scouts and a few key staff members out of town, we pressed ahead at the urging of several of the Scouts. In attendance were four Boy Scouts from our local area and one Girl Scout from Birmingham.

Jim Boschma was gracious enough to bring the AN-2 to the Scouts for a little show-and-tell. Jim then asked the Scouts to climb aboard the AN-2 and taxied them to Bosch Aerospace for a career briefing. Though the weather seemed to be moving our direction and continued to threaten the I-65 corridor for most of the day, Moontown did not see any bad weather and we managed to get the Scouts into the air.

Rickie Weldon and Bryan Tauchen took the Scouts to the sky after we closed out the scout session and all came back with smiles. Other events included a demonstration of composite and metal aircraft construction. In

Jon Moore's hangar the Scouts viewed the Long Ez nearing completion. Prior to that visit, the Scouts visited Jim Harchanko's hangar to see Jim's impeccable craftsmanship with his completed RV-7 build. Jim also presented the Scouts with a tutorial of aircraft instruments.

Fresh from school, Kevy provided the Scouts with a standard preflight of Moontown's Cessna 172.

Others provide a lecture to the Scouts in their quest for an Aviation Merit badge. We, on the other hand, bring the aviation to the Scouts so that they can see it, and feel it up close and personal. The Scouts all leave this experience with a much higher appreciation for aviation.

Thanks Team! For giving the Scouts this tremendous experience.

Lake Guntersville Splash-In

If you made our last fly-in you saw just a few of those odd ducks that can land on water and land. They were on their way to Guntersville Lake and Wally Kirkpatrick's place for the Splash-In. Bill Shaver sent a note about it and what's coming up.

"The 7th annual Lake Guntersville Splash-In at Wally Kirkpatrick's seaplane base was another perfect weekend. The weather was clear and the ribs were delicious as usual. Although the plane count was slightly less than last year the pilots and aviation nuts that were there had a great time.

This event has come to be more of a gathering of old friends where everybody knows who is arriving before they get out of their plane. I like to think of it as Moontown or Lee Bottom on the water. All of the amphibians had a great time at the Moontown breakfast before returning to the lake. There were also some first-time visitors from 3M5 and from MSL. Mark May 16th 2009 on your calendar for the next Splash-In.

The Bluegrass Splash-In in Florence is another special place to be in September if you love airplanes, good music and good home cooking. It is at the home of Dennis and Carolyn Odem on Shoals Creek. If you come once you will always return."

Upcoming Events

EAA has started up a site that can help you find out what's going on.

Try www.eaa.org/calendar . Sourced with many thanks, from EAA and Southern Aviator and other EAA chapter web sites.

Weekends –

1st Winchester TN (BGF) EAA 699 Fly-In Breakfast 931-967-3148

1st Lawrenceville, GA (LZU) - EAA Chapter 690 Breakfast. Various Programs.

jlevine@bellsouth.net www.eaa690.org

2nd Murfreesboro TN (MBT) EAA Chapter 419 Fly-In Breakfast

3rd Huntsville, Al Moontown (3M5) EAA 190 Fly-In Breakfast.

4th Shelbyville TN (SYI) Shelbyville Fly-In Breakfast 0700
